**M.A.G.I.C.** (Mishicot Area Growth and Improvement Committee) is a volunteer organization begun in 1985. It has several standing committees including one for the Museum. The white frame museum building was built in 1875 as a two-room school, and during 1906-1986 was used as a town and village hall and storage facility. It was restored during 1988-1990, and opened to visitors in spring 1990. In addition to the regular displays, there is an exhibit based on a special chosen theme each year.

**Help Wanted:** additional volunteer committee members to assist with exhibits, planning, and other museum work during 1998-99. If interested in helping, please call 755-2525 or 755-2148.
